

COVID-19

With the Lockdown in place because of the Coronavirus and staff not available a contingency plan was put together for Malibu

Contingency Plan.

Volunteers required please.

Whilst some of us sit at home not knowing what to do because of the lock down restrictions...let's rather keep Malibu looking pristine.

Chores per Block

Bin Brigade.

One person per block to ensure wheelie bins don't overflow and waste is collected on Monday and Thursday.

Grass cutters.

One person (with lawnmower license) per block to cut the lawn in the front of that block. When finished pass the lawn mower to the next block.

Blower

One person per block to use the blower to keep stairways, driveway clear and assist the lawn cutter where necessary. When finished pass the blower to the next block

Watering.

One person per block to water the flowerbeds as and when necessary

The equipment and fuel are in the storeroom.

The trustee to coordinate all of the above will be Claudi who will assist you with the equipment. You can contact her on (082) 417-0128 during day time hours to put your name forward.

There was an overwhelming response!!!! As you can see in the pictures.

Well done Malibu!!!!
